If You have already received an attached installer, please go to step 2.

1. Go to forticlient.com/downloads. Scroll down, and click "download for windows".

Remote Access				
 IPSec VPN - Windows, 	MacOS and Android o	nly		
SSL VPN				
S Technical Support				

- 2. Once the download is complete, open up the downloaded .exe file. You will get prompted do you want to allow this app to make changes on your device? Click "Yes".
- 3. Let the FortiClient Installer run.
- 4. When the FortiClient VPN Setup Wizard opens, check the box stating you have read, and accept the license agreement. Then click "next". Click "next" again on the destination folder window.
- 5. When you get to this window, click "Install".
