

## COURSE SELECTION WORKSHEET

To prepare for course selection, please complete this worksheet and have it with you when you meet with an advisor for registration.

Before completing this worksheet, review the information and suggestions about course selection on the General Education and Distribution Requirement sheet.

**1. Course in possible major areas or areas of strong interest:** Are you certain about what you want to major in? Do you have a strong interest in a particular subject? If so, list possible courses and sections in those areas.

**6. Course schedule:**

Finally, remember that sometimes your first choice is not available and you may need to modify your plan. Don't be frustrated – since you are a first year student, you are registering after upper class students. You may not get your first choice for every course, but you will get a schedule of Fall 2020 courses that meets your needs as a first year student. And, as you progress through the years, you will move up in the registration sequence. As a senior, you will have first choice! So, if you miss a class one semester, just have patience – your turn will come.
